BATCH & WALK-IN OVENS

Truck-in Oven

Batch oven with a floor-level opening so loaded trucks, carts or pallets are pushed straight in.

TEMPERATURE
Up to 300°C (higher on request)

HEATING
Electric, gas (LPG/PNG/CNG) or dual fuel (electric + gas)

INDUSTRIES
Automotive, coating, rubber, composites

Specifications

Working temperature	80°C to 300°C
Load handling	trucks, carts and pallet trucks at floor level
Floor	reinforced steel plate over insulation
Air circulation	horizontal cross-flow with adjustable louvres
Heating	electric or gas (PNG/LPG/CNG)

Features

- Floor-level entry with no ramp or sill to cross
- Reinforced floor plate rated for the loaded truck weight
- Guide rails to position each truck in the air stream
- Adjustable supply louvres to balance top and bottom shelves
- Single or multi-truck chambers with front or both-end doors

Applications

- Composite part curing on tooling carts
- Batch powder coating of racked parts
- Drying of washed components
- Preheating of palletised parts
